**Other Notes:**

This division has been approved by NCSSA. Team Rankings are as of August 1, 2017 and are subject to change as approved by NCSSA. On occasion the morning sun can limit a batter's ability to see on Field 4. Per NCSSA Rule 27 if determined to be the case by the umpire and agreed to by managers the pitcher will move up to 6 feet on either side of the pitching mound, as determined by the batter, to lessen the impact of the sun. Such a request must be on a full inning basis (likely 1st inning only).
